

Toner take back Service

Our free, simple to use, responsible returns programme.

Take Back Toner: Our environmentally responsible returns programme.

Free and easy to use

Kyocera currently offer a returns service for all used, genuine KYOCERA toner cartridges. Once a KYOCERA toner is empty, we offer a number of ways to return it to our recycling partner, depending on your location. The moment your consumables enter our system, we will be in charge of taking care of everything from pickup through interim storage and finally forwarding them to the recycling plant.

After separating the cartridges into individual components, the polymers in the toner cassette are separated and then granulated and prepared for reuse as "recyclate" which can be added to brand new materials to manufacture a variety of products.

By participating in our Toner Take-Back Service you contribute to reducing waste and energy consumption for a better environment and a better world. The service follows Kyocera's philosophy of always considering our impact on the environment.

Why participate?

KYOCERA Take Back Toner is:

- Free – There is no costs to you for returning your empty toners.
- Simple – There are a number of different ways to return your empty toners.
- Responsible – Not only do your empty toners not go to landfill, they are used to produce brand new materials for a variety of new products.

How to participate:

1. Register: visit kyocera.takeback.eu
2. Prepare: Order an empty recycling box.
3. Order pickup and replacement via kyocera.takeback.eu when your box is full.
4. LPR will pick up the full box, or replace the full box with an empty one.

Note that there are no charges for collection boxes to customers with regular orders.

Collection Boxes

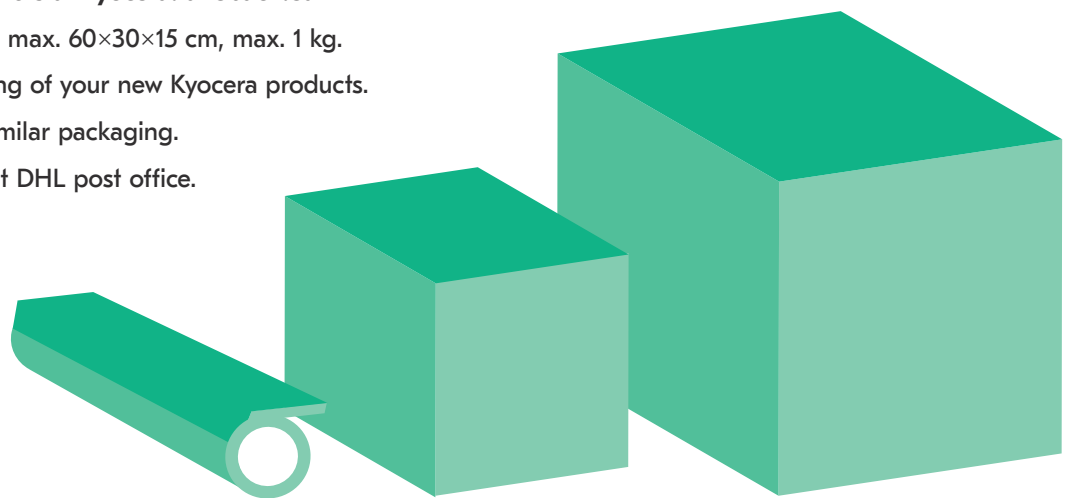

We provide collection boxes at no charge to customers with regular orders:

Box M - approx. 60 litres 30×60×40cm, max. 20kg, average 15 units.

Box L - approx. 160 litres 70×60×40cm, max. 20kg, average 43 units.

Single Returns - We also gladly accept single units from small-volume consumers.

- Download free package stickers at kyocera.takeback.eu
- The package should fit into: max. 60×30×15 cm, max. 1 kg.
- If possible, use the packaging of your new Kyocera products.
- If this is not possible, use similar packaging.
- Leave the box at the nearest DHL post office.
