# 1000 Mono Laser Series

*Compact, affordable and reliable, these mono laser printers are perfect for home use, where volumes are low and space is limited.*

## Perfect for

- Printing up to 500 pages per month
- Sharing with up to 2 users
- A4 print
- Small spaces, due to compact, space-saving design
- Small, home offices

## Supplies

**Standard Toner**
TN-1050 - 1,000 pages
**Drum Unit**
DR-1050 - 10,000 pages

## What's in the box

700 Page Toner Cartridge, DR-1050 Drum Unit, Power Supply Cord, Driver Software for Windows, Quick Set-up Guide. PC Interface Cable NOT included.

## Range Specification

**Print Speed**
20ppm mono
**Paper Input**
Standard tray - 150 sheets up to A4
Manual feed slot - 1 sheet up to A4
**Paper Output**
50 sheets
**Media Weights**
Standard tray: 65 -105 g/m2
**Media Sizes: Standard Tray**
A4, letter
**Memory Capacity**
128 MB
**2-Sided Print**
Manual 2-sided print
**Print Resolution**
600 x 600dpi
**Printer Language**
GDI
**Connectivity**
USB
**Power Consumption**
Operating: 380 W
Sleep Mode: 0.7 W
Ready: 40 W
Off: 0.28 W

Produces clear, concise labels for easy reading using barcode scanners

# TD-2000 Compact Printer Series

*Bridge the gap between desktop and mobile printing with the TD-2000 range of compact label printers.*

## Perfect for

- Healthcare - for general ward printing (portable solution with optional battery and base), printing specimen, dosage and pathology labels and wristbands
- Retail outlets - (portable solution with optional battery and base) for price mark down labels, point of sale, food labelling and occasional receipt printing
- Warehousing and logistics, travel and hospitality, manufacturing and inventory management

## Supplies

**Accessories only available for TD-2120N, TD-2130N & TD-2130NHC**
**Battery**
PA-BT-4000LI (Lithium-ion battery)
PA-BB-001 (Battery base)
**Touch Panel LCD**
PA-TDU-001
**Label Peeler\***
PA-LP-001
**Wireless LAN**
PA-WI-001
**Bluetooth Adaptor**
PA-BI-001
**RS-232C Adaptor**
PA-SCA-001 (RJ25 to DB9M serial adaptor)
**Die Cut Labels\***
RD-S05E1 (1552 labels per roll each at 51 x 26mm in white)
**Receipt Paper\***
RD-S07E5 (continuous roll at 58 x 86mm)

## What's in the box

AC Adaptor, USB Cable, Documentation, CD-ROM

\*  Not compatible for TD-2130NHC

Ideal for administering at the point of care

Retail price markdown and shelf edge labelling

Labelling specimen samples

## Range Specification

**Maximum Print Width**
56mm (W) x 1m (L)
**Connectivity**
USB
Serial
**Memory**
6 MB
**Print Speed**
152.4mm per sec
**Printer Command Language**
P-touch Template 2.0
ZPLII emulation
ESC/P

20ppm mono
**Copier Speed**
20cpm mono
**Paper Size: Standard Tray**
A4, B5, A5, B6, A6
**Manual Feed Slot**
Width: 76.2mm to 216mm x
Length: 116mm to 464mm
**Paper Weight**
60 - 105 g/m2
**Multi-Purpose Tray: Paper Weight**
60 - 163g/m2
**ADF Paper Weight**
64 - 90 g/m2
**Speed Dials**
200
**Automatic Document Feeder**
30 sheets
**Optical Resolution**
600 x 600dpi
**Memory Capacity**
16 MB

## Model Specific Specification

### FAX-2840

**Memory Transmission**
Up to 400 pages
**Power Consumption**
Operating: 360W
Sleep Mode: 1.5W
Ready: 53W
Off: 0W

**Dimensions and Weight**
**Size with carton**
476(W) x 458(D) x 436(H) mm
**Weight with carton**
12.7 KG
**Size without carton**
368(W) x 360(D) x 311(H) mm
**Weight without carton**
8.8 KG

### FAX-2940

**Memory Transmission**
Up to 500 pages
**Power Consumption**
Operating: 360W
Sleep Mode: 1.5W
Ready: 53W
Off: 0W

**Dimensions and Weight**
**Size with carton**
476(W) x 458(D) x 436(H) mm
**Weight with carton**
12.9 KG
**Size without carton**
368(W) x 360(D) x 311(H) mm
**Weight without carton**
9 KG

# Laser Fax Series

*These machines are ideal for high volume faxing. With low running costs they give quality, detailed output.*

## Perfect for

- Faxing over 2,000 pages per month

## Supplies

**Standard Toner**

TN-6300 - 3,000 pages
TN-6600 - 6,000 pages

**Drum Unit**

DR-6000 - 20,000 pages

## What's in the box

1,000 Page Toner Cartridge, Drum Unit, Power Supply Cord, Telephone Line Cord, Quick Set-up Guide.

## Range Specification

**Connectivity**
USB 2.0

**Fax Modem**
33,600 BPS

**Display**
2 lines x 16 characters

**Paper Input**
Standard tray - 250 sheets
Manual feed slot - 1 sheet

**Paper Output**
150 sheets

**Print Speed**
20ppm

**Copier Speed**
14cpm

**Input / Output Width**
216 mm

**Paper Weight**
60 - 105 g/m2

**ADF Paper Weight**
64 - 90 g/m2

**Speed Dials**
200

**Automatic Document Feeder**
30 sheets

**Optical Resolution**
600 x 600dpi

**Memory Capacity**
8 MB (RAM) (Increase up to 40MB using 16 or 32MB DIMM)

**Power Consumption**
Operating: 940W
Sleep Mode: 10W
Ready: 70W
Off: 0W

## Model Specific Specification

### FAX-8360P

**Memory Transmission**
Up to 400 Pages

**Dimensions and Weight**

**Size with carton**
471(W) x 560(D) x 460(H) mm

**Weight with carton**
16.5 KG

**Size without carton**
377(W) x 442(D) x 323(H) mm

**Weight without carton**
12 KG

# Thermal Transfer Fax Machines

*Ideal for occasional, low cost faxing where space is at a premium.*

## Perfect for

- Low volume faxing

## Supplies

**Ribbon Cassette**
PC-75 (144 page ribbon)
PC-71RF (144 page ribbon)
PC-72RF (144 page ribbon)
PC-74RF (144 page ribbon)

## What's in the box

Telephone Line Cord, Telephone Handset and Curled Cord, One-touch Name Label, User Guide, Quick Set-up Guide, Cassette Including 30 Page Ribbon Toner.

## Range Specification

**Display**
1 lines x 16 characters

**Paper Input**
30 sheets

**Paper Size: Standard tray**
216mm

**Speed Dials**
100

**Automatic Document Feeder**
10 sheets

**Power Consumption**
Operating: 160W
Sleep Mode: 0W
Ready: 4.8W
Off: 0W

## Model Specific Specification

### FAX-T104

**Modem Speed**
9,000 BPS

**Dimensions and Weight**

**Size with carton**
380(W) x 271(D) x 191(H) mm

**Weight with carton**
3.4 KG

**Size without carton**
302(W) x 267(D) x 340(H) mm

**Weight without carton**
2.7 KG

### FAX-T106

**Modem Speed**
14,400 BPS

**Dimensions and Weight**

**Size with carton**
380(W) x 271(D) x 191(H) mm

**Weight with carton**
3.5 KG

**Size without carton**
302(W) x 267(D) x 340(H) mm

**Weight without carton**
2.8 KG

Solutions

# Connecting with your mobile device

*Life moves pretty quickly these days. But thanks to Brother's range of well connected devices it's now easy to keep up.*
*Print directly from your smartphone or tablet, or scan back from your printer, to view and store documents on the move.*
*Simply connect over a wireless network - or via NFC\* - and you're ready to go.*

## Mobile Print & Scan

There's no need to rely on a mountain of cables to get your important printing and scanning done. Wireless cloud and mobile connectivity means documents are available at the touch of a button, wherever you are.

## iPrint&Scan App

iPrint&Scan is an easy-to-use app for Apple, Android (inc Kindle Fire) and Windows mobile devices, that allows you to print from and scan to your mobile device, ready to share online.

## Apple AirPrint

Apple AirPrint makes printing from Apple devices easy and straight-forward. All you need is a compatible Apple iOS device that supports AirPrint.

## Google Cloud Print

Connect your Brother printer to the web using Google Cloud Print and open up a world of smartphone and tablet printing possibilities.

## Mopria

Provides intuitive, simple wireless printing from smartphones, tablets and other mobile devices.

## Cortado

Lets Apple iOS, Android and BlackBerry mobile device users print wirelessly whenever they're connected to the same network as their compatible printer.

## Brother Print Service Plugin

The Brother Print Service Plugin allows you to print directly from your Android device (Android 5.0 or later)

\*   selected models only

# Connecting to cloud services

*Many Brother devices have innovative Web Connect features. These features allow you to upload documents or photos from a scanner or memory card, or print documents directly from popular online storage sites.*

## Facebook™
Allows a connection directly from your all-in-one printer or scanner.

## Flickr
Flickr is an online image portal for storing and sharing photography and other images.

## Picasa™
Web Albums™ is a free online photo sharing site. It lets you organise and edit photos to share with friends and family from around the world.

## Evernote®
Enables note taking and archiving of the important things from your everyday life. It gives you access to documents from virtually anywhere in the world using any internet-connected computer or mobile device.

## Google Drive™
Lets you store and access your documents from almost anywhere in the world. With Google Apps for work, you can create, share and collaborate on files with others.

## Dropbox
Dropbox for business enables access to photos, documents and videos from practically any internet-connected computer, laptop, smartphone or tablet.

## Onedrive
OneDrive for business lets you save and access photos and documents from virtually any internet-connected computer, laptop, smartphone or tablet.

## Box
Box for business allows you to access photos and documents from nearly any internet-connected computer, laptop, smartphone or tablet.

## Onenote
OneNote enables note taking and archiving of the important things from your everyday life. It gives you access to documents from almost anywhere in the world using any internet-connected computer or mobile device.
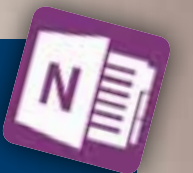

# Connecting directly to the cloud

*If getting your head in the cloud is what you need, then supported Brother Printers can now connect directly to the following cloud-based services without the need for a PC.*

## iPrint&Label

Brother's iPrint&Label app is free and enables you to easily and conveniently print labels from your Apple® iPhone®, iPad®, iPod touch® or Android™ mobile device on your wireless network.

## Cable Label

Quickly and conveniently design labels with a smartphone or tablet and print on our wireless label printers. Templates include cable flag, cable wrap, punch down block, patch panel and compliant wiring regs templates for electricians and installers. Label designs can even be saved for future use. Compatible with Apple™ and Android™ devices, it can be downloaded from the App Store or Google Play.

## Mobile Transfer App

Use templates and databases created in-house for on demand printing while on site.

# Managed Print Services

## Experience the difference with Brother's Managed Print Service

Brother has a long and successful heritage with SMBs and we've used this experience to build our MPS solution from the ground up. It's MPS from Brother, by Brother, using all our own hardware and software. This, combined with our bespoke service approach, will help you build stronger relationships and grow your contracts.

## We play to your strengths

We understand that you have your own unique skill set and way of working, so we'll integrate our solution with the services you want to carry out yourself.

You may choose to deliver break and fix services on behalf of Brother or you may want Brother to provide installation services or other items like print assessments.

Most importantly your customer remains YOUR customer – unlike other providers, we'll never go direct to the end user. We'll be at your side all the way, with the support you need to make the most of MPS.

## It's a simple, effective sell for you

Our comprehensive packages include everything from an initial print assessment through to repairs and recycling, helping your customers increase efficiency and productivity, while eliminating hidden costs.

## Brother will ensure you have everything you need to make Managed Print Services a success.

- Our unique approach keeps you in control of supplying managed print services to your customers
- Your customers will enjoy a print solution that will increase efficiency and productivity
- You and your business will reap the benefits of enhanced customer loyalty and guaranteed margin from contractual sales.

## Save time. Save money. BOOST PRODUCTIVITY.

**If you'd like to learn more about how you can make your customers printing more efficient and to start selling MPS today, speak to your Brother Account Manager.**

Supplies

# Brother Genuine Supplies

## Brother Printers + Brother Supplies

### Our printers and consumables are designed to work together

When your customer has invested in a quality printer, whether it's vibrant colour or crisp mono, it makes sense to choose inks, toners and paper of a similarly high standard. Genuine Brother Original Supplies are made with the customer in mind.

Not only to guarantee effortless performance, and save money in the long run, with prints guaranteed to last 100 years without fading and for perfect prints first time, every time.

A PERFECT COMBINATION

# Brother P-touch laminated labels have been designed to last, wherever you use them.

*Whether you need a professional labelling solution for the office, industry or home, Brother P-touch laminated labels have been designed with you in mind. We've thought about exactly when, where and how you might need to use our labels and put them through a series of rigorous tests, which means that even when they're exposed to heavy abrasion, heat, cold, sunshine, water and chemicals, our labels have been designed to last.*

Unlike ordinary labels, our laminated tape technology ensures that a layer of super-clear polyethylene laminate protects your text. Brother P-touch laminated TZe tapes consist of six layers of materials, resulting in a thin, extremely strong label.

*P-touch* LABELS TESTED TO THE EXTREME ✓

Abrasion Resistant · Chemical Resistant · Easy Peel · Fade Resistant · Laminated · Water Resistant · Temperature Resistant · Strong Adhesion
