

Meet Neat.

Neat designs simple and elegant video devices that make virtual meetings feel almost as real as meeting face-to-face. Seamlessly bringing rich and meaningful experiences to people's work, interactions and lives across any meeting space, Neat devices have crystal-clear audio and video, plus advanced capabilities that support an enhanced, engaging and safer hybrid working and learning environment.

Focus on what matters.

Neat Symmetry presents everyone in the meeting room equally up close, whether they're sitting, standing or moving around.

Natural conversation.

Neat Audio Processing allows conversations to flow naturally, so everyone hears everything.

Simple setup.

Everything you need to get your Neat device up and running fast is in the box, including all mounts and cables.

No distractions.

Neat Boundary removes the worry of being distracted by other activities happening around you.

A better way to meet
on Zoom and Microsoft Teams.

A beautiful way to meet.
